PREFACE

This publication provides data about staff, number of public schools, average salaries of certified staff by classification, and enrollment. The information was compiled from local school district reports submitted to the State Department of Education. Staff information is prepared from the professional staff list and the fall report of non-certified staff.

The tables on staffing give full-time equivalents (FTE) for certified and non-certified staff, as well as whole numbers for positions held. The headcount for certified staff includes fulltime/one assignment, fulltime/multi-assignment, and parttime. These added together will equal the total certified count for staff positions. For non-certified staff, headcount is fulltime or parttime and some are dual-duty positions which are counted under each assignment for total non-certified staff positions.

The tables on teachers/pupils/schools report full-time equivalent classroom teachers; special education teachers and instructional support personnel are excluded. The numbers of schools are counted in the same way as they are listed on the enrollment tables. An elementary school may be K-5, K-6, 4-5, 1-5, etc.; a middle school may be 5-5, 6-7, 6-8; a junior high may be 7-8, 7-9, 5-9; a high school may be 9-12 or 10-12. Special schools are those operated exclusively for handicapped students.

The tables on fall enrollment give a count of pupils enrolled as of September 20, 1990. Special education students have been included in the regular enrollment count by grade whenever possible. Also included this year is a breakout by grade of ethnicity and male/female.

If you would like any additional data, please contact Data Collection, State Department of Education, Hathaway Building, Cheyenne, Wyoming, 82002-0050, or call (307)777-7623.
